

The CA Group Quality Vision

“The CA Group aim is to achieve and deliver the best products & services for the metal building envelope sector and to ensure the complete satisfaction of all customers & stakeholders”.

The CA Group Quality Assurance Policy

The CA Group is one of the leading manufacturers and installers of industrial & commercial metal roofing, wall cladding, facades and rainwater systems.

By applying the aspects of the Quality management standard ISO 9001-2015 within the business management system the CA Group aims to ensure the principles of quality assurance are integrated into our product and service delivery.

CA Group will:

- Actively promote awareness of quality assurance internally amongst our employees and across all our stakeholders
- Invest in people and new technology with goal of developing and improving our systems, products and services.
- Communicate & incorporate quality assurance into the vision and values of the organisation through the standard induction process & other appropriate methodology
- Continually improve operational performance through the understanding of the business requirements & the setting of clear objectives.
- Ensure employees are given adequate training in all matters relating to quality assurance and its implementation.
- Seek to influence contractors and other stake holders to comply with the CA Group's Quality Assurance Policy.

The CA Group Board of Directors and employees are dedicated to adopting and supporting the Quality Assurance Policy. CA Group will communicate and promote acceptance of this policy to everyone working for or on behalf of the organisation. This policy forms a framework for our activities, product design, manufacturing, services, decision making processes and promotes engagement of the entire organisation.

CA Group Managing Director:

A handwritten signature in black ink, appearing to be 'A.H.O.', is written over a faint, vertical line that serves as a signature line.
